## Administration

### Chair's Comments

- Great work at Hoadley Hide, thanks to Kent for his operational support, mattcen, Andy, Daniel, and Sarah for their support running RadioActiv8. Great feedback from Hoadley Hide.
- Thanks to Murray for his program efforts these past few weeks, and best wishes for JOTT
- Thanks to Phil and Kent for their work on the Foundation Amateur Course - 11 examinees.
- Thanks to those who will be available to assist at ScoutHike this weekend. Special mention to Peter Chaplin for making last minute arrangements to accommodate a different operating approach due to assist with mitigating the emerging risks to allow for a successful event to proceed.
- Note that a great amount of money has been spent this past month, however, all of it is either in process of being reimbursed or is an investment in the operational capabilities of the Service Unit.
- Welcome to Glenn who is joining us this evening after participating in the recent amateur course.

### Previous Minutes

It was moved by Murray Taylor and Matt Cengia that the minutes of the SRESU meeting held Tuesday 12th April 2022 be adopted. Carried unanimously.

### Finance

Account	Balance on Monday 9 May 2022
STEM - State Radio (Bendigo Bank)	\$4,330.02
Cheque Account (ANZ)	\$121.86
Savings Account (ANZ)	\$0.04
<i>Total</i>	<i>\$4,451.92</i>

Further details are included in the finance report attached as *Appendix 1*.

- Several notable expenses over the last month, including registration on the Repeater Trailer, Census, SPOT registration, and some cashflow assistance to related program areas ScoutHack and Star Trek: Survival owing to purchase lead times.
- Income expected from ScoutHike, Amateur Course, VicRovers trailer project, and Star Trek: Survival.

### Work Health & Safety (WHS)

- Please ensure you remain on top of eLearning modules including WHS as they become due.

**Formation** 6th Box Hill  
**Section** Scouts  
**Date**  
**Location**  
**Lead**  
**Assist**  
**Contact** Esta Wiese  
**Overview** "I was wondering if you're free any Saturday afternoon between 3-5pm during this term (except 14/5, 21/6,28/6) or next term (except Aug) to run a session... It would be great to follow up from last year's zoom session! I have 8 scouts"

- Request received via Daniel. Aiming for a Term 3 session.

---

Note: Balance of 'big activities' that cover broad aspects of STEM & Innovation program area versus diversity in weeknight program. We need to consider our team's resourcing in addressing these requests to ensure that we deliver engaging and quality program.

---

**Event** Treetops: Patrol Activity Camp - Electronics/Radio  
**Section** Scouts  
**Date** Saturday 21st/Sunday 22nd May

-

## Star Trek: Survival Camp - Friday 1st to Sunday 3rd July - Mafeking Rover Park

<b>Event</b>	Star Trek: Survival
<b>Section</b>	<b>Joeys</b> <b>Cubs</b> <b>Scouts</b> <b>Venturers</b> <b>Rovers</b>
<b>Date</b>	Friday 1st to Sunday 3rd July
<b>Location</b>	Mafeking Rover Park
<b>Details</b>	STEM camp open for all sections (Joeys, Cubs for Saturday visit, other sections camping)

- Registrations are open at [startreksurvival.tech](http://startreksurvival.tech)
- Please help to spread the word about this exciting STEM event throughout your networks. A QR code for sharing with others can be found at <https://startreksurvival.tech/qr>
- Thanks to Murray for his continued work on 'Red Shirt Rescue' activity.
- **Still looking for assistance with Starfleet Communications - Amateur Radio station.**
  - Please contact Luke if you are interested in assisting with an amateur radio station of VicJam style - aiming to line up with Scout camps across Australia for contacts. Opportunity for any range of activities - building antennas, building radios, crystal sets, etc.
  - Kent is happy to assist.
  - Murray has a contact at the Moorabbin Radio Club willing to be a remote contact over the weekend.

---

### Amateur Events

- None held in previous month.

---

### Training Courses

- Amateur Foundation Course held at Hurstbridge, Saturday 30th April/Sunday 1st May. 11 examinees.
- Future Amateur and Marine training dates to be advised.
- Survey to be issued to get feedback on our course delivery - a concern was received by a parent that the course appeared to be too complex for the Scout age. A review will be conducted to ensure we're supporting youth members as appropriately as possible, including more hands-on practice.

---

### Program Support

- Jamboree on the Trail (JOTT) - Sunday 15th May
  - Melbourne Region - Murray Taylor
    - All radio points are covered with other operators who have assisted in the past, owing to clash with ScoutHike, but Murray would appreciate anyone else who is available.
    - Members from all sections plus families will be walking the solar system trail along the St Kilda waterfront.
  - Warrandyte - Franc Rojo
    - Franc has also asked if the team/any operators would be available to assist with JOTT at Warrandyte.

### Support Development

#### ScoutHike Collaboration

Luke met with the ScoutHike Leadership Team last Thursday to discuss the difficulties in the 2022 logistics, and to determine appropriate needs for the 2023 event in advance. In summary:

- "Rinse and Repeat" approach needs to be scrapped in favour of active planning and development.
- Investment in appropriate infrastructure to support both ScoutHike and our emerging youth programs.
- Reviewing sleep point location suitability for a modern event.
- Reviewing reliance on specialist teams to ensure redundancy and responsible event management practices.
- Adding and changing resources to accommodate the needs of the event.
- Filters from VK3RMP have been taken to Peter Chaplin at Yallourn and he is setting up an additional commercial repeater to act as the primary channel for HQ - Sleep Point communications. Not reliant on amateur operators for each point.

## **New Licencee 'Welcome pack'**

- Lead: Neil
- No updates received.
- This would be a beneficial asset for the multitude of courses looking to be completed in the later half of 2022.
- If anyone has any ideas or resources please get in touch with Neil.

## **Upcoming Support Events**

- ScoutHike - Friday 13th to Sunday 15th May 2022
  - Communications Plan under CICD methodology, with updates provided as more information becomes available. Printable copies will be distributed to relevant parties via email ASAP.

## **Puffing Billy Running Festival**

- Possibly rescheduled to August.
- 

## **Program Enrichment**

- None scheduled due to conflicts with the demanding ScoutHike situation.
- 

## **Additional Business**

- Murray reported 'watch this space' for the *Amateur Radio* magazine article about VicJam.
- Greg asked about several matters:
  - It was advised that the Gilwell tower requires work to be done for maintenance. Greg has volunteered to lead this.
  - It was decided some years ago to put a plaque on the tower acknowledging Garnet Bowen and Arthur Greaves. This has not yet been done.
  - What is the current status of Gilwell Patrol Activity camps? Luke mentioned that while we are able to assist, the camps themselves are the prerogative of the campsite team.
  - radioactivescout.com - suggested adding details of Clifford Park Amateur Radio - this can be completed once a dialogue has been managed.
- Bryan has 180 soil tester electronics kits in stock. If they are not being used for Patrol Activity camps they could be used for other STEM activities.
  - Gilwell may have more in stock leftover from previous camps.
  - Looking into using these at Star Trek: Survival, aiming for approx. 300. Bryan may be available to assist except for Saturday morning.

### ***Gillwell Tower***

- Mark Ballinger did some work a couple of years ago investigating the state of the tower and was preparing a quote for work required.
- Greg employs some riggers and has one who is involved with Scouting. Greg would be prepared to have them work for a day on the tower.
- Happy to proceed with investigating works required, and with placing a plaque as noted above, but require someone to take lead. Greg is happy to do so.

### ***Patrol Activity Camps***

- Bryan is also interested in this.
  - Greg will gauge interest from Gilwell and discuss the situation with Ian Campbell.
  - Patrol Activity camps are lead by a campsite or local team. Our team may be able to support if approached by a local team but we are not looking to lead them. If someone is interested in establishing a Project Patrol to run such a camp please get in touch.
- 

**Meeting Closed: 9.02pm**

**Next Meeting: Tuesday 14th June 2022, 7.30pm**

## Appendix 2

### Activities: Details for upcoming activities

---

#### Moreland Darebin District Joey's Day/1st Reservoir (Phillip Bailey)

Activity ideas:

- + Using conductive play dough to build simple circuits
  - + Playing games such as battleships or hangman with a twist by using the Phonetic Alphabet and learning some simple radio procedures along the way
  - + Building a simple skill tester and using it to compete against others
  - + Fox hunting - patrols of hounds hunting out hidden radio transmitters using sniffers (specialised radio receivers coupled with a directional antenna to sniff out a signal).
  - + Teaching component identification and using circuit building blocks to create simple circuits.
  - + Potentially an SSTV activity - trial run for VicJam activity
- 
- There will be other sections attending, Cubs and Scouts so we have been asked to target the 5-9 year old age group in designing the activities.
  - It is expected there to be approximately 150 children in Joey's and Cubs attending
  - The location will be around the Pascoe Vale swimming pool, either on the grounds around the swimming pool or in the park next door
  - Contact is Alison - District Leader
- \*Update, Tuesday 8th February 2022\*
- Neil spoke to organisers tonight
  - Now proposing a date in May
  - Ideas include fox hunting, conductive play dough, hands on activities
  - May extend activity to four-five hours
  - No clarity yet on numbers of youth members, duration of rotations, etc.
  - Original concept was to get as many youth members to experience radio in some form as possible
  - Neil will suggest Saturday 28th May, and find out -
    - How many sessions?
    - How many youth members per session?
    - How long is a session?
  - Neil will liaise with Luke. Luke/Andy will advise pricing for this activity.
  - Luke will advise Sarah of request and explore possibility of STEM Youth Council running an activity.

#### Bayside District Cubs

Original Request:

In our last Seonee we discussed plan for full 2022, our prior approach to a district activity day is no longer going forward so I proposed we look at something completely different. I've proposed something around general radio/comms/tech... we have Southern FM pretty close to us and a Venturer involved in that. I'm thinking something around a wide range of radio/comms activities... through a number of bases.

*Radio Cubs Bayside* (have them prep some music, news weather reports etc to share with those on site... normally its a parent free afternoon - but I'm thinking we link it as a broader social to help encourage more involvement and they can be entertained. *Remote Control* split challenge of Cubs controlling something remotely by sending messages/commands (have a few ideas to try out at my group first - having been playing with SSTV, could do something with that - i.e. a radio to send the images and a rx ht mobile phone with decoder)

*Activ8 activity* that Luke, Matt etc ran at 1st Sandy for the Scouts

*Fox Hunt* around the area... we don't have a confirmed base for the event, but Cheltenham hall and park might work really well. .... plus some others....

Currently looking ahead to term 3 - I need to come up with a bit more of a plan to share at our next seonee...

## Appendix 3

### Activity requests to follow up

---

New activity requests received this month are provided within the agenda body under Program Planning.

---

#### 1st Upwey Scout Unit (Tim Allchin)

- **Lead: Kevin & family**
- **Assist: Dan**
- Nothing further has been heard from the group regarding a pre-JOTA activity.
- Contact the group again in 2022 to see how we can assist with program delivery.

Original request:

Thanks for all your work! We would like to have a radio night at our hall on Thursday 2nd or 9th September this year (2021). We have had a number of these nights over the years as our introduction to JOTA which we have attended for many years. These nights have generally been a series of rotational activities including fox hunting, radio battleships, mast erection and talking over a short wave radio. We start opening parade at 7.30 but arrive at 6.45-7pm to setup and finish with closing parade at 9.20. There is generally a window of 90 minutes for the rotations.
